

GEAR UP Network

The Bronx Institute at Lehman College of the City University of New York is working with a Network of Schools in Region One in The Bronx to ensure that three thousands four hundred seventh grade students will be successful high school graduates entering a wide range of colleges and universities in the fall of 2011.

In recognition of the Bronx Institute GEAR UP Network accomplishments in encouraging students and parents to take active roles in their education, the program was recently selected by the Washington Center for Best Practices as a model of success. This award has made the BI GEAR UP program even more determined to continue effectively servicing our students, parents and teachers.

“Committed to Excellence
in Education”

Professor Herminio Martinez Ph.D.
Executive Director

The **GEAR UP Network Program** provides Bronx students with the academic support, skills, inspiration and the preparation needed to pursue and succeed in post secondary education. We address the needs of Bronx students through the coordination of services and programs that build a sense of community among students, schools, their families and post secondary institutions.
