4. **Rationale (Explain how this change will impact the learning outcomes of the department and Major/Program):**

The course was redesigned to fulfill Pathways general education requirement and was approved with the revised course description at the December 6, 2023 Senate meeting. We are changing the course credits to comply with the 3-credit Pathways course requirement. We can then submit the course for Pathways approval.

5. **Date of departmental approval:** March 29, 2023
