

**LEHMAN COLLEGE  
OF THE  
CITY UNIVERSITY OF NEW YORK**

**DEPARTMENT OF HISTORY**

**CURRICULUM CHANGE**

1. **Type of Change:** Deletion of History for Secondary School Teachers of Social Studies MA program (Program Code 33119)

2. **Description:** This program has no description. It was entered in error into the Academic Programs Inventory on July 7, 2009.

3. **Rationale:**

When this program was submitted to the CUNY Board of Trustees in Spring 2009, the CUNY Director of Academic Program Review, Ekaterina Sukhanova, recommended that the History Department instead list this option as a track within the general History MA program (Program Code 02678). The department did so, and the track is now listed in the Academic Programs Inventory as HIS MHSE, and is included in the Graduate Bulletin as a "Special Track for Secondary School Teachers of Social Studies." This track is for students who already have certification as teachers (i.e., it does not lead to professional certification). The program being deleted (Code 33119) does lead to certification, and it was never the intention of the History Department to introduce such a program.

4. **Date of departmental approval:** February 9, 2015
