

Senate Meeting – October 7, 2015
Graduate Studies Proposed Report

On behalf of the Grad Studies Committee, I'd like to put forth items from the following departments:

Department of History

- Course changes: HIE 725; HIE 735; and HIU 740

Department of Earth, Environmental and Geospatial Sciences

- Course changes: GEO 640

Department of Music

- New course: MST 780 (There was a problem with this course not being “on the books,” even though it has been offered, so it has been submitted as a new course to ensure that the course is entered and made active.)

Department of Health Sciences

- Course changes: PHE 600, PHE 606, PHE 701, PHE 703, PHE 702, PHE 770, PHE 790

Does anyone have any questions and/or comments?

All those in favor of approving these proposals, please say I. Anyone opposed? Any abstentions?

Our next meeting is November 18 at 11 a.m. in Carman B33A.
