Minutes of
The Lehman College Senate Meeting
Wednesday, September 10, 2014
Senate Meeting

The meeting was called to order by Prof. Tananbaum, the outgoing Chair of the Senate, at 3:43 p.m., due to President Ricardo R. Fernández being delayed.

The minutes of the April 30, 2014 meeting were approved by unanimous voice vote.

Announcements and Communications--

Prof. Tananbaum welcomed everyone to the new academic year. He announced Convocation will be on Wednesday, September 17th at 11:00 a.m., where Prof. Marianetti will be honored as the Teacher of the Year.

Provost Morrobel-Sosa welcomed everyone to the new academic year. She introduced two new deans: Dr. Gautam Sen, Dean of the School of Natural and Social Sciences and Dr. William Latimer, founding Dean of the School of Health Sciences, Human Services and
Nursing. She also welcomed the new faculty and announced that they will be recognized at Convocation.

The Provost announced that this past July 3rd, Lehman College signed a reverse transfer agreement with Bronx Community College and Hostos Community College, which will facilitate the award of Associate degrees to students who do not complete their Associate degrees at the community college before transferring to Lehman. Students who take courses at Lehman College can have those credits transferred back to their home institution to complete their degree. One of the benefits is that students who complete their Associates degree are more likely to complete their Baccalaureate degree. This effort was successful as a result of a coordinated effort by the offices of the Provost, Student Affairs and the Information Technology at all three schools.

The Provost reported that the College submitted a FIPSE proposal for $4 million dollars over a four year period for the “First in the World” competition. The grant was written with the assistance of a team led by Anne Rothstein. We should be notified of acceptance by the end of this month.

The College submitted its Periodic Review Report to Middle States and received a positive review. We were commended on two of the most difficult standards, which is an achievement. The Provost thanked everyone who worked on this report, in particular Dean Pettipiece who put all of the materials together so that it sounded as written under one voice.

Lastly, the Provost reminded everyone of the September 11th memorial at 10:30a.m. and the Constitution Day speaker is Allan Wernick from CUNY Citizenship Now!

**a. Student Legislative Assembly**

Mr. Marcus Peréz announced that he is the Chair of the Student Legislative Assembly. He welcomed everyone back for a productive academic year. He announced three main initiatives: establishing “A+” grades, evaluating the “Bell Schedule” and signage to increase the ease of navigation through the underground tunnels.
The next Student Legislative Assembly meeting will be October 1st.

REPORTS OF STANDING COMMITTEES–

1. Graduate Studies-
Prof. Janet DeSimone presented proposals from the following departments: Middle and High School Education and Language and Literatures.

The proposals were approved by unanimous voice vote.
See Attachment I.

Prof. DeSimone announced that the new meeting deadlines and meeting schedule are posted on the Senate website.

2. Governance Committee-
Prof. Duane Tananbaum presented the report.

Prof. Tananbaum reminded everyone to sign the attendance sheets, attend meetings so we have a quorum, and where they should sit depending on whether they are senator or observers.

The Governance Committee nominated Prof. Vincent Prohaska of the Psychology Department to fill the vacancy on the Curriculum Committee. He was elected by unanimous voice vote.

Prof. Rosalind Carey and Prof. Manfred Philipp were nominated to two year terms on the Governance Committee. They were both elected unanimously by voice vote.

The next meeting is scheduled for Wednesday, October 8th S-014. The time is to be determined.

8. Budget and Long Range Planning —

There was no Committee report.
Prof. Cheng asked Senators to let the Committee know if there are questions about the budget so that the Committee can prepare a response.

The next meeting will be on Wednesday, October 22\textsuperscript{nd} at 3:30p.m. in S-336.

9. University Faculty Senate Report—

Prof. Philipp presented the report (See Attachment II).

President Fernández made a few announcements.

1. The College has exceeded its enrollment target. We have the largest number of transfer students in over twenty years, and we have also significantly increased the number of freshman students. Overall, our FTE’s went up by about 900.

2. Last Monday, September 8\textsuperscript{th}, the President attended the CUNY Board of Trustees Executive Committee meeting and on the agenda was the naming of the Mexican Studies Institute, located at Lehman College as the Jaime Lucero Mexican Studies Institute. This is in recognition of the strong support that Mr. Lucero has shown for students as well as the Institute. Mr. Lucero has also made a significant donation to the Lehman College Foundation, which will be used to support scholarships for students.

4. Rationale (Explain how this change will impact the learning outcomes of the department and Major/Program):
The change of course name more closely reflects the content of this graduate course and brings this course title in line with similar courses at other graduate Spanish programs in the United States. As described in the “Program Standards for the Preparation of Foreign Language Teachers” developed by the American Council of the
Teaching of Foreign Languages (ACTFL), students attempting to become teachers need to develop an “Understanding of Linguistics” (Standard 1.b). This includes becoming familiar with the target language system (in this case, Spanish). For that reason, the Department has renamed SPA 601- (Hispanic Linguistics); it has also changed the description and objectives to bring them more in line with current ACTFL standards.

Learning Objectives:
- Describe the target language phonological features (phonemes and allophones) and diagnose their own target language pronunciation problems.
- Demonstrate understanding by describing how words are formed (morphological rules), how sentences are put together (syntactic patterns), and how meaning is conveyed (semantics).
- Explain the rules for word and sentence formation such as those pertaining to the verb system (time, aspect, mood), agreement (nouns and adjectives/articles, verbs, and subjects), word order, the pronominal system, use of key prepositions, and interrogatives.
- Demonstrate mastery of pragmatic features of the target language.

3. **Rationale:**
As described in the “Program Standards for the Preparation of Foreign Language Teachers” developed by the American Council of the Teaching of Foreign Languages (ACTFL), students attempting to be teachers need to develop an “Understanding of Linguistics” (Standard 1.b). This includes becoming familiar with the different geographical varieties spoken in the speaking communities of the target language taught (in this case, Spanish). Additionally, students need to understand issues associated with language such as high/low prestige or standard/non-standard varieties, and the role that those factors play in the second-language classroom. For that reason, the Department has developed a Spanish Dialectology and Sociolinguistics class (SPA 618) that will be offered as a requirement for the Department of Middle & High School Education’s revised Master’s Degree for candidates in Spanish Language Teacher Education.

4. **Learning Outcomes and Sample Syllabus (By the end of the course students will be expected to):**

- Identify sociolinguistic features (phonological, morphosyntactic, discursive) of target language discourse.
- Identify and provide examples of key features of varieties of the target language in terms of gender and dialectal differences.
- Speak and write knowledgeably about target language varieties through interaction with native speakers outside of class and by accessing authentic target language samples through a variety of means such as technology.
- Demonstrate knowledge of sociolinguistic variations of the target language in order to expose students to authentic language from a variety of regions where the language is spoken.

3. Rationale:
As described in the “Program Standards for the Preparation of Foreign Language Teachers” developed by the American Council of the Teaching of Foreign Languages (ACTFL), students attempting to be teachers need to develop “Cultural Understandings” (Standard 2.a.) and an “Understanding of Cultural Texts and Traditions” (2.b.). This includes the ability to identify and to interpret the contributions of major artists, thinkers, writers, film makers and other cultural icons in order to analyze how they represent the target culture traditions through time and space. For that reason, the Department has developed an Hispanic Culture class (SPA 619) that will be offered as a requirement for the Department of Middle & High School Education’s revised Master’s Degree for candidates in Spanish Language Teacher Education.

4. Learning Outcomes and Sample Syllabus (By the end of the course students will be expected to):

- Demonstrate the connections among the perspectives of a culture and its practices and products.
- Integrate the acquired framework in their pedagogical practices.
- Recognize the value and role of cultural texts and use them to interpret and reflect upon the perspectives of the target cultures over time.

4. **Rationale (Explain how this change will impact learning outcomes of the department and Major/Program):**

These changes are being made to make our program description clearer and more precise, to bring our admission and continuation criteria in line with that of other CUNY programs, to incorporate changes in the NYS Dept. of Ed. teacher certification exams, and to help meet the standards set by our accrediting agency and professional organization.

*ESC 529-Language and Literacies Acquisition in Secondary Education* was added to align the graduate foreign language curriculum with the undergraduate, to meet accreditation expectations, and to prepare teachers more effectively to serve limited literacy, at-risk, language-diverse students.

Changes to the practicum seminars ESC 611 and 612 and teaching internship/student teaching courses ESC 595 and 596 were approved in 2012 to give us more flexibility in meeting new State testing standards. These course changes are being added to this program now as we reactivate it.

In line with the current trend toward dual certification, we include a phrase to inform prospective Teaching Spanish candidates about this option in ESOL.

4. Rationale (Explain how this change will impact learning outcomes of the department and Major/Program):

These changes are being made to make our program description clearer and more precise, to bring our admission and continuation criteria in line with that of other CUNY programs, to incorporate changes in the NYS Dept. of Ed. teacher certification exams, and to help meet the standards set by our accrediting agency and professional organization.

ESC 529-Languages and Literacies Acquisition in Secondary Education was added to align the graduate foreign language curriculum with the undergraduate, to meet accreditation expectations, and to prepare teachers more effectively to serve limited literacy, at-risk, language-diverse students. ESC 506 was added to comply with a New York State Dept. of Education directive requiring all teacher certification programs to provide training in meeting the need of special populations.
Changes to the practicum seminars ESC 611 and 612 and teaching internship/student teaching courses ESC 595 and 596 were approved in 2012 to give us more flexibility in meeting new State testing standards. These course changes are being added to this program now as we reactivate it.

Additional Requirements for Initial and Professional Certification in ESOL

In order to be recommended for initial certification in English to Speakers of Other Languages (ESOL) Pre-K-grade 12, students must: (a) complete the master's degree (Sequences 1, 2, 4 or 5) with a cumulative index of 3.0 or better; (b) present passing scores on the following New York State examinations: Assessment of Literacy Skills Test (ALST), Educating All Students (EAS), Teacher Performance Assessment (edTPA), and ESOL CST (teachers who were certified prior to April 30, 2014, only present passing scores on the ESOL CST); and (c) demonstrate successful completion of a liberal arts and sciences core specific to ESOL teachers. Please see adviser for more information.

In order to qualify for professional certification in ESOL, in addition to the master's degree (Sequences 1, 2, 4 or 5), teachers must complete one year of mentored, full-time teaching and two years of full-time teaching in a public or private school which serves Pre-K-grade 12, and must meet any additional New York State requirements.

4. **Rationale (Explain how this change will impact learning outcomes of the department and Major/Program):**

ESC 506 was added in 2011 because of a new State regulation. However, since most of our Sequence 1 candidates have already fulfilled this requirement in their previous certificate, including this course in Sequence 1 was found to be redundant. Instead, we have included it as a pre-requisite to Sequence 1 to ensure successful completion by all Sequence 1 candidates.

The number of instructional areas for Sequence 1 was also reduced to “five;” this same change was made to the introductory sentence for Sequence 4 to correct a typographical error.
“TESOL” is the name of the profession and the master’s degree. However, the NYS certificate title is “ESOL.” Inconsistencies in this usage were corrected.

We are also making the spelling of “adviser” consistent.

A phrase was also added to clarify which State exam is required for those holding prior certification.

Additional Requirements for Initial and Professional Certification in English Education 7-12

All candidates must take the English Language Arts Content Specialty Test (CST) by the end of their second semester in the program. Candidates who do not pass the exam before completing half of their program credits may be asked to take additional English courses.

In order to be recommended for initial certification in English Education 7-12, students must: (a) complete the master's degree with a cumulative index of 3.0 or better; (b) present passing scores on the following New York State examinations: Academic Literacy Skills Test (ALST), Educating All Students (EAS), Teacher Performance Assessment (edTPA), and English CST (teachers who were certified prior to April 30, 2014, only present passing scores on the English CST); and (c) demonstrate successful completion of a liberal arts and sciences core. Please see advisor for more information.

In order to qualify for professional certification in English Education 7-12, in addition to the master's degree, teachers must complete one year of mentored, full-time teaching and two years of full-time teaching in a public or private school which serves grades 7-12, and must meet any additional New York State requirements.

Qualified English Education 7-12 candidates may also apply to the Advanced Certificate: Teaching English to Speakers of Other Languages (TESOL P-12), and become ESOL-certified upon successful completion of that program of study.

4. Rationale (Explain how this change will impact learning outcomes of the department and Major/Program):

The new sequences were created to expand the pool of prospective qualified candidates. The statement added to the beginning of the “Degree Requirements” section was inadvertently omitted from previous changes. Likewise, the introductory list of sequences brings this program description in line with our other program descriptions. The new section about certification is provided for clarification.
In line with the current trend toward dual certification, we include a phrase to inform prospective English Education candidates about this option in TESOL. Lastly, formatting changes have been made to make the information easier to read.

The proposed amendments contain substantial revisions to the student disciplinary procedures largely in order to comply with recent changes in federal law, regulations and guidance with respect to the handling of cases involving allegations of sexual assault, stalking and other forms of sexual violence. The proposed amendments are also intended to reorganize this Article of the Bylaws in a more logical manner.

The CUNY Board has established a Medical Amnesty/Good Samaritan Policy. Under the Policy, students who call for medical assistance for themselves or others will not be disciplined for the consumption of alcohol or drugs if they meet two basic conditions. First, the students involved must complete assigned alcohol and/or drug education, assessment, and/or treatment. Second, the students must not have engaged in any other conduct that would trigger disciplinary action, including, for example, unlawful distribution of alcohol or drugs, sexual assault, sexual harassment, causing or threatening physical harm, causing damage to property, or hazing.
