How to Configure Your Android Devices with Microsoft Exchange

Step 1:
Open your phone menu and tap Settings
Next under Accounts tap Add Account

Step 2:
Tap Microsoft Exchange
Step 3:

Enter your Lehman Email address and password, tap manual setup

Enter the exchange server information as shown, select SSL and tap next

If your device does not auto fill, the Domain is LC

Step 4:

Tap OK, note: it may take a few minutes for your emails to begin flowing into your mail app

If your username is more than 20 characters long, please enter the first 20 characters.

Please contact the IT Center Help Desk (Carman Hall 108 or (718) 960-1111 or help.desk@Lehman.cuny.edu) if further assistance is needed.
