
All of the votes described below were unanimous. No quorum was present.

1. The minutes of the meetings of Sept. 05, 2007 were approved.

2. The Letter of Intent from the Department of Environmental, Geographic and Geological Sciences to create a new Bachelor of Science Program in Interdisciplinary Environmental Science was approved, subject to minor revisions.

3. Proposals from the Dept. of Biological Sciences to change the description, hours and credits of BIO 335 and BIO 424 were sent back to the Dept. for revisions.

4. Proposals from the Department of Latin American and Puerto Rican Studies to change the requirements for the major in Latin American and Caribbean Studies and to change the course description and course number of PRS 236 were sent back to the Dept. for revisions.

5. The committee approved proposals from the Department of Art to create two new courses, ART 109 and ART 110, subject to minor editorial revisions and approval by the Dept.

6. A Proposal from the Program in Women’s Studies to change the course number of WST 303 (HEA 302) was approved.

7. The committee approved a proposal from the Program in Women’s Studies to change the title of WST 220, pending minor editorial revisions.

8. The next meeting will be held on Oct. 10 @ 12:00 in Carman 221. Lunch will be served.

Respectfully submitted,

Barbara Jacobson
Secretary, pro tempore
