

## FIELDWORK EVALUATION INSTRUMENT

This evaluation instrument assesses the behaviors associated with each competency, which students should demonstrate by the end of the fourth semester of the field practicum.

When rating each competency, please provide content (eg. descriptive examples or anecdotes) to support the rating you provide. Also, please include ways in which the student's performance can be further improved for each competency.

On the scale provided after each behavior, please indicate the student's *level of performance* at the end of the semester by placing an X in the appropriate box.

**Student does not meet the expectations of a student completing this course.**

**EC    Emerging Competence**

**Student is beginning to meet the expectations of a student completing this course.**

**AC    Approaching Competence**

### Evaluation Process

- The field instructor and student jointly review the student's performance in terms of the criteria specified in this evaluation instrument.
- Following their review and discussion, the field instructor completes this instrument. The student then reviews it and, if he or she wishes, writes comments in the section indicated.
- If the student wishes, he or she may append an additional statement to the instrument.
- Finally, the field instructor and student both sign and date the instrument.  
*Note: The student's signature does not indicate agreement, but rather that the evaluation has been read.*
- The field instructor sends the completed evaluation to the faculty advisor, who reviews and signs the evaluation.
- The faculty advisor assigns the grade for the field practicum.

The Social Work Department at Lehman College appreciates your work with our students.
