

THE CITY UNIVERSITY OF NEW YORK

ARTICULATION AGREEMENT

A. SENDING AND RECEIVING INSTITUTIONS

Sending College: **Bronx Community College of the City University of New York**

Department: Health, Physical Education and Wellness

Program: Community/School Health Education

Degree: Associate in Science

Receiving College: **Herbert H. Lehman College of the City University of New York**

Department: Health Sciences

Program: Health Education and Promotion

Degree: Bachelor of Science

B. ADMISSION REQUIREMENTS FOR SENIOR COLLEGE PROGRAM

(e.g., minimum GPA, audition/portfolio):

About the Program

Health education aims primarily to motivate individuals and groups in various settings to assume greater responsibility for their health by learning and adopting behaviors that promote health and prevent disease. This is a rapidly expanding field that has received added impetus from recent Federal legislation emphasizing disease prevention and health promotion as major priorities of national social policy.

The program is designed to prepare students for careers in community health education. Students will be able to develop, manage, and evaluate health education and promotion programs in a variety of settings where such programs are implemented. These include public and community agencies, business and industry, hospitals, and other types of clinical facilities.

The program includes two options, one in community health and the other in community health and nutrition. Satisfactory completion of all program requirements in community health enables students to apply for certification as a Health Education Specialist, awarded by the National Commission for Health Education Credentialing.

Admissions and Applications

Application Deadlines: Spring Admissions-September 15,
Fall Admissions-February 1

CUNY Transfer Application is available online at
www.cuny.edu

CUNY Application Processing Center: 212.997.CUNY

Please note that students must have completed one college-level course in mathematics and English with a grade of “C” or better. Additionally, if more than one college was attended, the GPA for admissions will be determined through a combination calculation of all attempted coursework.

Progression at Lehman

To earn a Bachelor’s Degree at Lehman College, CUNY Associate Degree graduates need to:

- complete the courses required for the major/minor
- two LEH upper-division interdisciplinary courses
- two writing intensive courses
- elective courses if needed.

Associate in Science Degree from Bronx Community College.

Bronx Community College graduates with the Associate Degree in Community/School Health Education will receive 60 credits toward the Bachelor of Science in Community Health Education at Herbert H. Lehman College. In addition, they will be deemed to have met all general education requirements at Bronx Community College.

Total transfer credits granted toward the baccalaureate degree: 60

Total additional credits required at the senior college to complete baccalaureate degree: 60
