

## Using Adobe Acrobat Pro to Merge Multiple PDFs\*

\*This is not free software and is only available in limited places on campus (i.e. CA-B23)

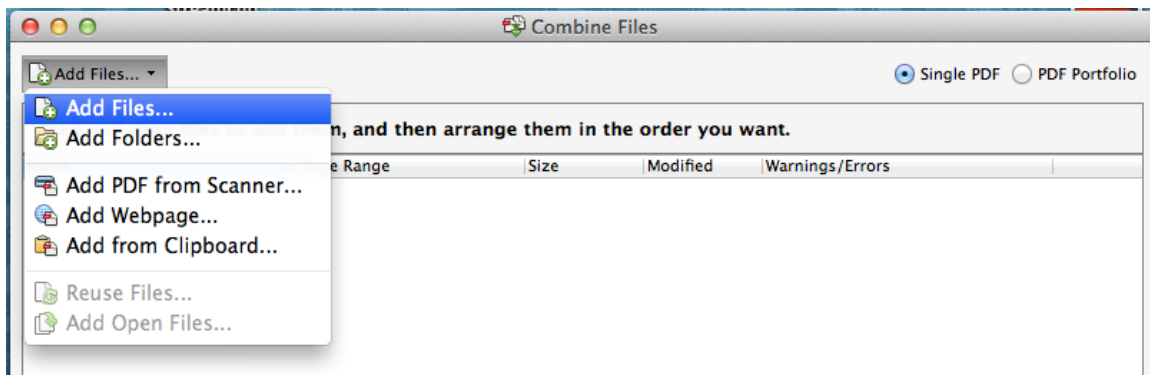

Click on Adobe Acrobat Pro icon to open

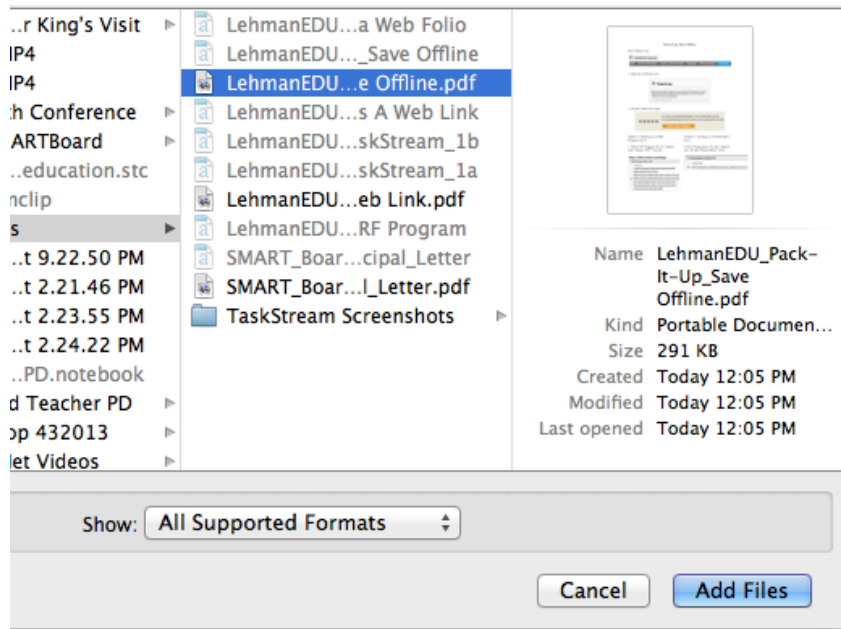

> Select Combine Files into PDF

> Click Add Files > Select Add Files

> Choose the file to add (PDFs only) > Add Files

Repeat to add the other PDF files.

> Once all the files have been added, click Combine files
