ATLAS: Adding Video to Blackboard Course

Login to Blackboard (Use the Firefox and Google Chrome Browser) > Click on your course

> Click on section where to add your videos for example Course Materials, Week One, etc.
> Click Build Content > Scroll down and click ATLAS

> Name: Add the title of video > Description (optional): Include any directions for students. NOTE: Do NOT add an attachment
> Keep all other defaults the same > Click Submit

> Click on the link just created

> Enter ATLAS Password > Click Link Account
> Click on the group for the course > For video you wish to link, click Attach LTI Link > Return back to course

> Now when you or students click on link the video will appear.
