

## Swivl: Download Videos

Use this option to download your clip to upload Taskstream for edTPA and other purposes.

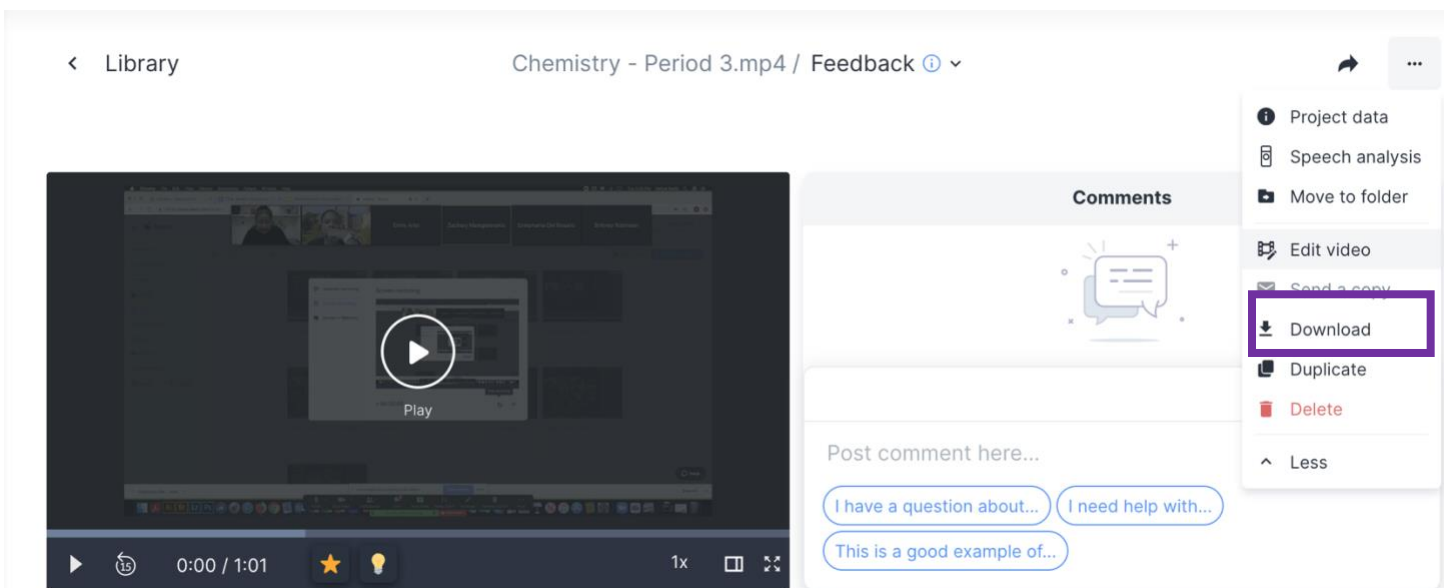

Login to Swivl > Library

> Select video to download > Click the three dots on the top right corner > More

The screenshot shows a video player interface for a video titled "Chemistry - Period 3.mp4". The video is currently paused at 0:00 / 1:01. On the right side, a menu is open, showing options: "Project data", "Speech analysis", "Move to folder", and "More". The "More" option is highlighted with a purple box. Below the menu is a "Comments" section with a "Post comment here..." field and three pre-written comment options: "I have a question about...", "I need help with...", and "This is a good example of...".

> Select Download

This screenshot is similar to the previous one, but the menu is scrolled down to show additional options: "Edit video", "Send a copy", "Download", "Duplicate", and "Delete". The "Download" option is highlighted with a purple box. The "Less" option is visible at the bottom of the menu. The rest of the interface, including the video player and comments section, remains the same.

> Click the downward arrow to download video. If prompted, choose size then download the video.
