

Swivl: Recording Video on Mobile App

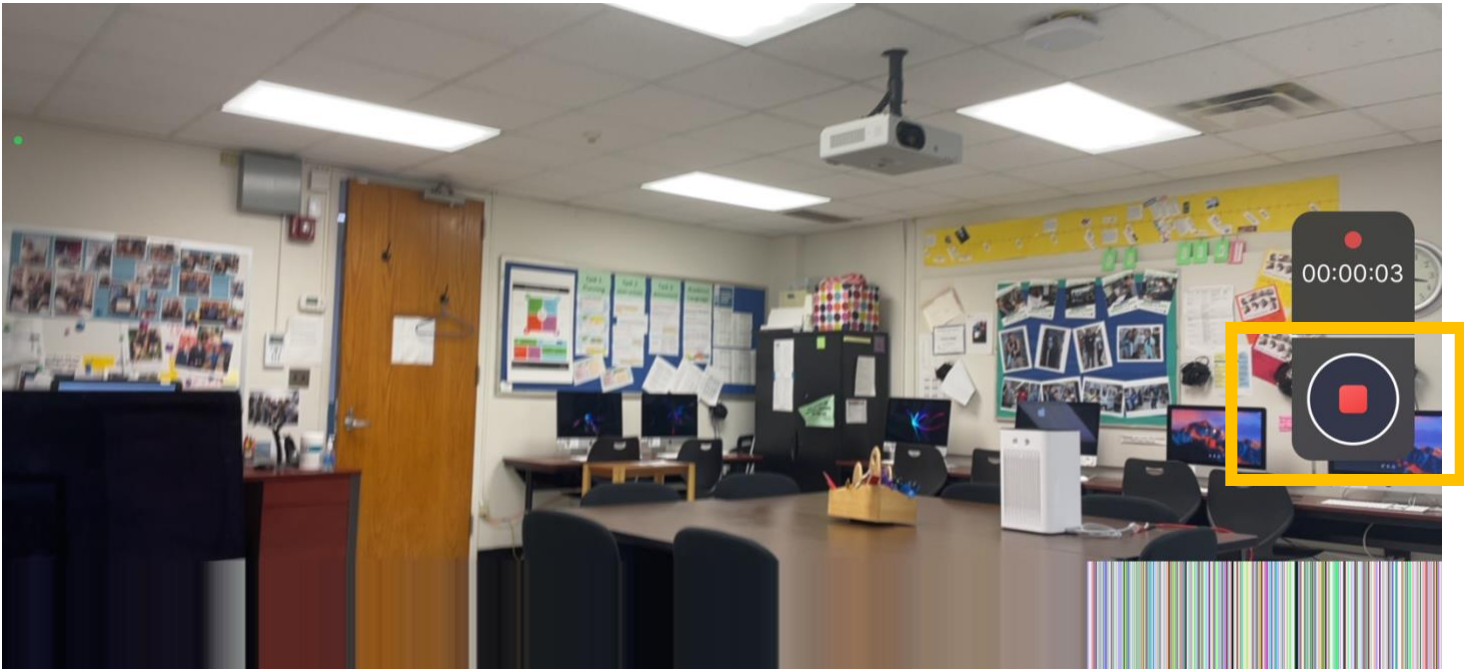

Open Teams by Swivl app > Determine if you have enough space/time on your device to record your video

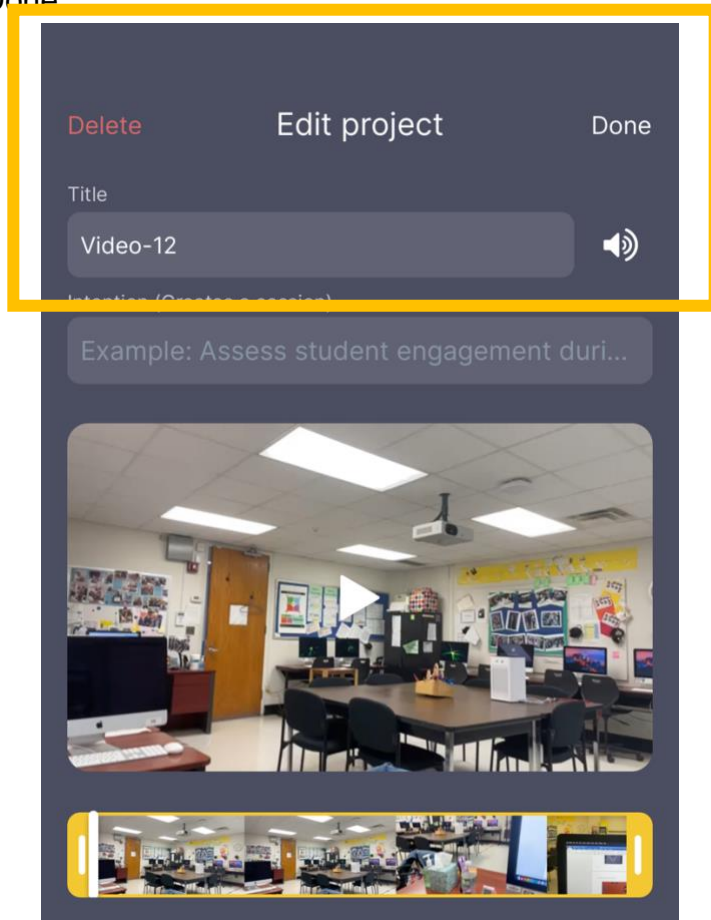

If you have the time/space available > Click Rec

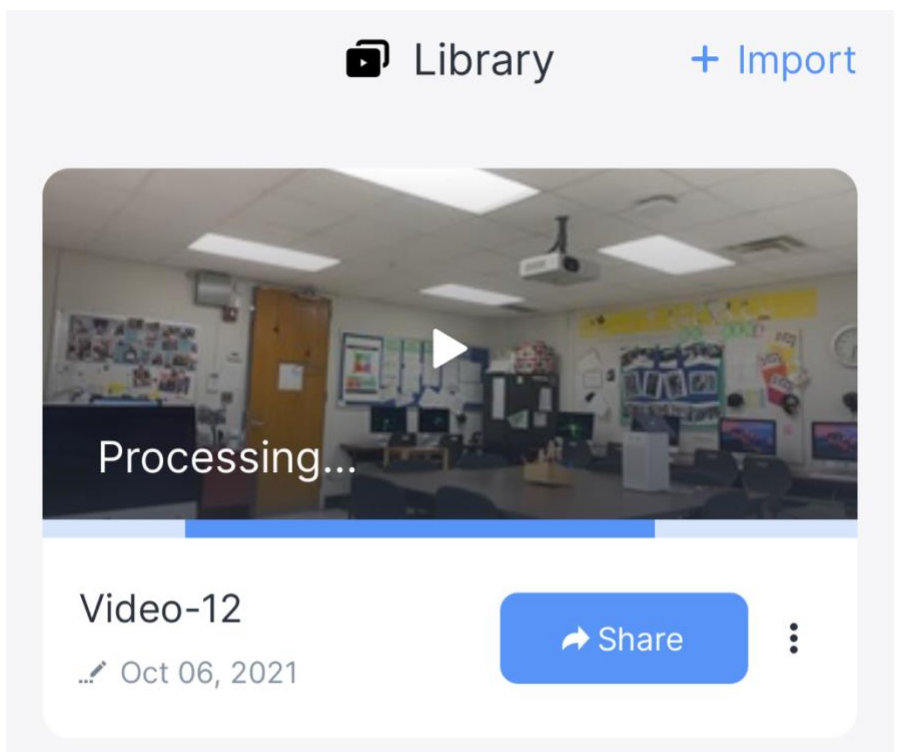

> Click record button to stop recording

> Title the video > Click Done

> Video will upload to the Swivl cloud platform. Once the video has processed you will receive an email.

NOTE: Please make sure you are connected to the internet and allow time for video to upload and process.
