Our meeting began with a discussion of data compiled by IR for our examination of the OSS students' progress at Lehman. We will study the data and request follow up information. We also announced at Senate a call for a sub-committee to tackle the examination of our whole Admissions Criteria policies. Any interested faculty are asked to contact the chair.

Next, we listened to a presentation by Dr. Lisa Moalem about the AP policy CUNY Central has written about, and as a result, we have contacted the Deans of each school to gather feedback.

Respectfully submitted, Chair Penny Prince
