The meeting focused on next steps regarding the issue of the Opportunities for Student Success pilot program for Admissions. Key to these considerations is the requirement of transparency and continuous and frequent sharing of quantitative and qualitative data by the Division of Enrollment Management to CAEAS and then to the Senate. We restated our recommendation that Lehman conduct a financial analysis of the support services we will have in place for the increased numbers of OSS students.

We discussed drafting a resolution stating CAEAS' desire to work with the Administration on evaluating data regarding the OSS program along with all admissions vehicles available to CUNY, as well as committing to the work of examining and reevaluating Lehman's admissions criteria and policies to best serve our students and the 90x30 mission. We voted unanimously to draft a resolution to this effect, and will bring it to Senate in December.

Respectfully submitted, Dr. Penny Prince, Chair of CAEAS 11.29.17
