

THE COST OF YOUR EDUCATION INCLUDES MORE THAN TUITION

The cost of your education, whether it is at CUNY or any other college, includes more than tuition. When we calculate your eligibility for financial aid, we assign you a "Cost of Attendance Budget." This budget includes costs of books, supplies, transportation and miscellaneous personal expenses. Below are the estimated nine month budgets for variable costs (including tuition and fees) for full time, NY State resident undergraduate* students living with parents and students living away from parents.

*Full time graduate students use **\$11,090** for Tuition. For specific tuition rates and fees, please refer to <https://www.lehman.edu/administration/business-office/bursar-office/tuition-and-fees.php>
