

LEARNING GOALS AND ASSESSMENT TECHNIQUES

		A	B	C	D	E	F
		What students can do after completing the program (or course)	How do students learn how to do this?	What information or evidence is there that students are learning this?	How has this information been used to help students learn?	What additional evidence is needed to understand how well students are learning this?	What possible new or improved assessment tools or techniques might be used?
GOAL I							
-----OBJECTIVES -----	A						
	B						
	C
