## In your course in Blackboard

1. Click *Build Content*
2. Choose *Web Link*

The screenshot shows the Blackboard interface with the 'Build Content' dropdown menu open. The menu is divided into several sections: 'Create', 'New Page', 'Audio', 'Image', 'Video', 'Mashups', and a list of other content types. The 'Web Link' option is highlighted with a red box.

| Section       | Item                           |
|---------------|--------------------------------|
| Build Content | Assessments                    |
| Build Content | Tools                          |
| Build Content | ...                            |
| Create        | Item                           |
| Create        | File                           |
| Create        | Link to NOOK Study             |
| New Page      | Content Folder                 |
| New Page      | Module Page                    |
| New Page      | Blank Page                     |
| Audio         | Audio                          |
| Image         | Image                          |
| Video         | Video                          |
| Mashups       | Flickr Photo                   |
| Mashups       | SlideShare Presentation        |
| Mashups       | YouTube Video                  |
| Other Content | Video (NJVID Repository)       |
| Other Content | Learning Module                |
| Other Content | Lesson Plan                    |
| Other Content | Syllabus                       |

## Edit Web Link

1. Enter the name, paste the URL, checkmark Tool Provider.
2. Enable a Tool Provider
3. Enter any details in the description field. You may also want to include a link to a [Help Page for students on how to comment](#). NOTE: The description cannot contain any line breaks or multiple paragraphs.
4. Attach instructions for students, if any.
5. Click *Submit*

\* Indicates a required field.

Cancel **Submit**

### WEB LINK INFORMATION

**\* Name**  1

**\* URL**  6  
For example, <http://www.myschool.edu/>

This link is to a Tool Provider. What's a Tool Provider? 2

Enable Evaluation  Yes  No

5

### DESCRIPTION

Text

Read the file above with simple instructions called "CommentingVoiceThread2015\_Students.pdf." Then, click the link above that says "Introduce Yourself and Join the Conversation-click here" to access this first activity in our Master Course Design Institute. If you have trouble opening the above link in Mozilla Firefox, try Chrome or Internet Explorer. 3

If you get a message that your Adobe Flash Plug-in has crashed, try reloading the plug-in as directed. 3 u are not successful, try another browser, like Chrome. For example, I tend to have crashes in Mozilla Firefox but not Chrome with VoiceThread.

You will hear a welcome message from the program facilitators. Using your webcam or microphone, record your own introductions on the first slide - consult the handout attached above if you're new to VoiceThread and want to learn how to record a comment.
