

## Using the Bloggie (SONY HD camcorder)

>Turn Bloggie ON: Rotate the lens to front

> Capture pictures: Press the button with camera image located on the upper right corner

> Shoot videos: Press the button with film image (and red recording dot) located below the camera image

> **Review images/videos:** Press the Play button > Using the arrow keys, review your images/videos

**> Delete an image/video:** Press the Play button> Select the image/video you want to delete> Press the Menu button> Select Delete This Image > Select OK

**> Turn Off Bloggie:** Press the Off Button Located on the side of the Bloggie AND Rotate the Bloggie lens back to the original position.

**NOTE: Select button** is center button under the word SONY. Press to "select" item OR tilt towards arrows to choose up/down/right/left options, then press select button for action.

**NOTE:** Bloggie has software that helps download photos/pictures (wizard may open when you first attach via USB port) OR follow instructions to save pictures/video on your computer.
