MMR (measles, mumps, rubella) – if given as combined dose instead of individual vaccine. ☐ Dose 1: No more than 4 days prior to first birthday, AND on or after January 1, 1972 ☐ Dose 2: At least 28 days after 1 st vaccine			month	day	year	
	O R	☐ Measles (Rubeola) Dose 1: Immunized on or after Jan. 1, 1968 and first birthday AND ☐ Measles (Rubeola) Dose 2: Immunized at least 28 days after the first dose ☐ Rubella Immunized after 1968 and on or after first birthday ☐ Mumps Immunized after 1968 and on or after first birthday					
	O R	Titer (blood test) showing positive immunity (Dated lab results MUST be attached) ☐ Measles ☐ Mumps ☐ Rubella					
B.	Health care provider information: (Please include official stamp) Name: _____ Address: _____ Signature: _____ License #: _____ Phone: () _____						

Part 4: For Office of Health Services Staff Use Only		
Processed by:		
Staff Name: _____	Staff Signature: _____	Date: _____

IMMUNIZATION REQUIREMENTS FOR POST-SECONDARY ADMISSION

Meningococcal Disease

New York State Public Health Law 2167 requires all post-secondary institutions to provide information on meningitis and the meningitis vaccine to all students registering for 6 credits or more (or its equivalent). In addition, each institution is required to maintain a record of the following for each student:

- A response to receipt of meningococcal meningitis disease and vaccine information signed by the student or student's parent/ guardian.
 - A record of meningococcal meningitis immunization within the past 5 years.
- OR
- An acknowledgement of meningococcal meningitis risks and refusal of meningococcal meningitis immunization signed by the student or student's parent or guardian.

How do I get more information about meningococcal disease and vaccination?

Contact your primary care provider or your Student Health Services at 718-960.8900.

Additional information is also available on the following websites:

www.health.state.ny.us (New York State Department of Health)

<http://www.cdc.gov/vaccines/vpd-vac/default.htm> (Centers for Disease Control and Prevention)

www.acha.org (American College Health Association)

Information to complete Immunization Requirements

Measles, Mumps, Rubella:

New York State Public Health Law 2165 requires all students entering a post-secondary institution to provide their health services center with proof of immunity to measles, mumps and rubella. This law applies to students born on or after January 1, 1957, who are registered for 6 or more credits at a CUNY campus.

ACCEPTABLE PROOF OF IMMUNITY MAY INCLUDE (Signed and Stamped):

1. Immunization cards from childhood (yellow card).
2. Immunization records from high school, college, or other schools you attended.
3. Immunization record from your health care provider or clinic.
4. Serology (lab) report showing immunity to measles, mumps and rubella. The lab report must be an actual copy showing your immunity to measles, mumps, and rubella.
5. A statement from the diagnosing physician, physician assistant or nurse practitioner that the student has had measles and/or mumps disease (proof of disease **not** accepted for rubella).
6. Proof of honorable discharge from the armed services within 10 years from the date of application to the institution will be sufficient proof for one dose of live measles vaccine.
7. Documentation that proves the student attended primary or secondary school in the United States after 1980 will be sufficient proof that the student received one dose of live measles vaccine.

These laws apply to students taking six credits or more regardless of degree or non-degree status.
