## Student Guide

Due to COVID-19, New Room designations have been added to CUNYfirst. The following new designations are for Online sections: Online-Synchronous and Online-Asynchronous

## Online-Synchronous (ONLINE-OS)

Synchronous online courses resemble traditional on-campus college classes in that students must be (virtually) present at the same time. Though they are conducted over the Internet and synchronous courses unfold in real-time. Students must commit to scheduled class times and sign onto their virtual learning platform on schedule. During these courses, students will watch video lessons and slideshow presentations and even have virtual class discussions.

### How will Online-Synchronous courses appear in CUNYfirst?

Synchronous courses will have Days/Times listed, however, the **Room** and **Instruction Mode** will be listed as **Online**. The Class Section will also have a note to state the following: **Synchronous – class meets online during the scheduled days and times.**
