**The National Child ID program**

The National Child Identification Program is a community service initiative dedicated to providing parents and guardians with a tool they can use to help protect their children. The ID Kit allows parents to collect specific information by easily recording the physical characteristics and fingerprints of their children on identification cards that are then kept at home by the parent or guardian. If ever needed, this ID Kit will give authorities vital information to assist their efforts to locate a missing child.

Volunteers are needed to help out during the Masonic Child ID Program to direct children during the process by helping the parents fill out the forms and controlling the flow of traffic of the kids. If you do have any Spanish speaking students it would be a great help also.
