Ice Breaker

Reflect on your first year of college.

Which one choice was the most important to you as a college student?

What does Holistically Lit mean?

What does Holistically Lit mean?

Holistically Lit is a term created by our team to describe a student who demonstrates a commitment to excel academically and explore a variety of co-curricular activities.

Statistics

- ▶ According to a study by June Chang, at the two-year colleges, 80% of the student body are rarely involved in activities
- ▶ Out of 50% of students who join clubs, 18% are constantly involved and engaged

How significant is Student Engagement?

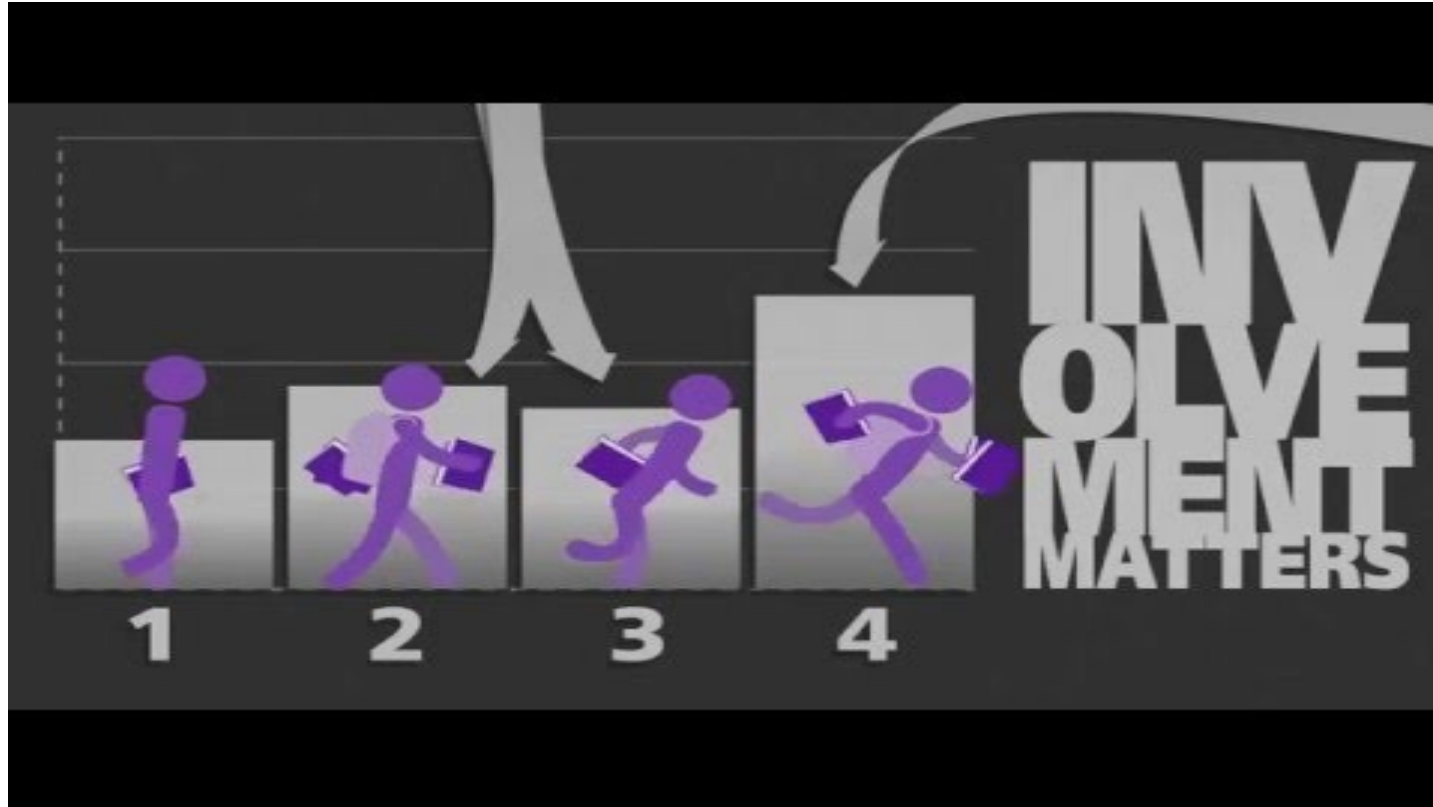

Notes: Students who said in the spring that they had considered leaving the institution at any time during the school year were asked to indicate their reasons. Percentages sum to more than 100% because respondents had the ability to identify multiple reasons.

National Survey of Student Engagement. (2019). *Engagement Insights: Survey Findings on the Quality of Education*. doi: 10.4135/9781412963978.n559

Student Testimonials

The ASAP program has opened doors for me, literally. Through the monthly workshops and events. I have been able to network with people important in my field. I feel like I have support in college even more than I did throughout my grade school years. I have one semester left in Bronx Community College and it makes me sad to know I'll be leaving behind the ASAP family, and that my next school does not have this program. ASAP needs to be introduced to all colleges! The love and support we get from ASAP advisors is extremely helpful and necessary, you guys have changed my college experience for the better. Thank You!

- A. Fernandez

*As a student who have attended ASAP workshops events for the past year, they gave me an open view on society. **I've been more aware and conscious on how things are.** From relationships to how people of color are treated in the streets. I enjoy helping out in these events and I'm glad to attend them.*

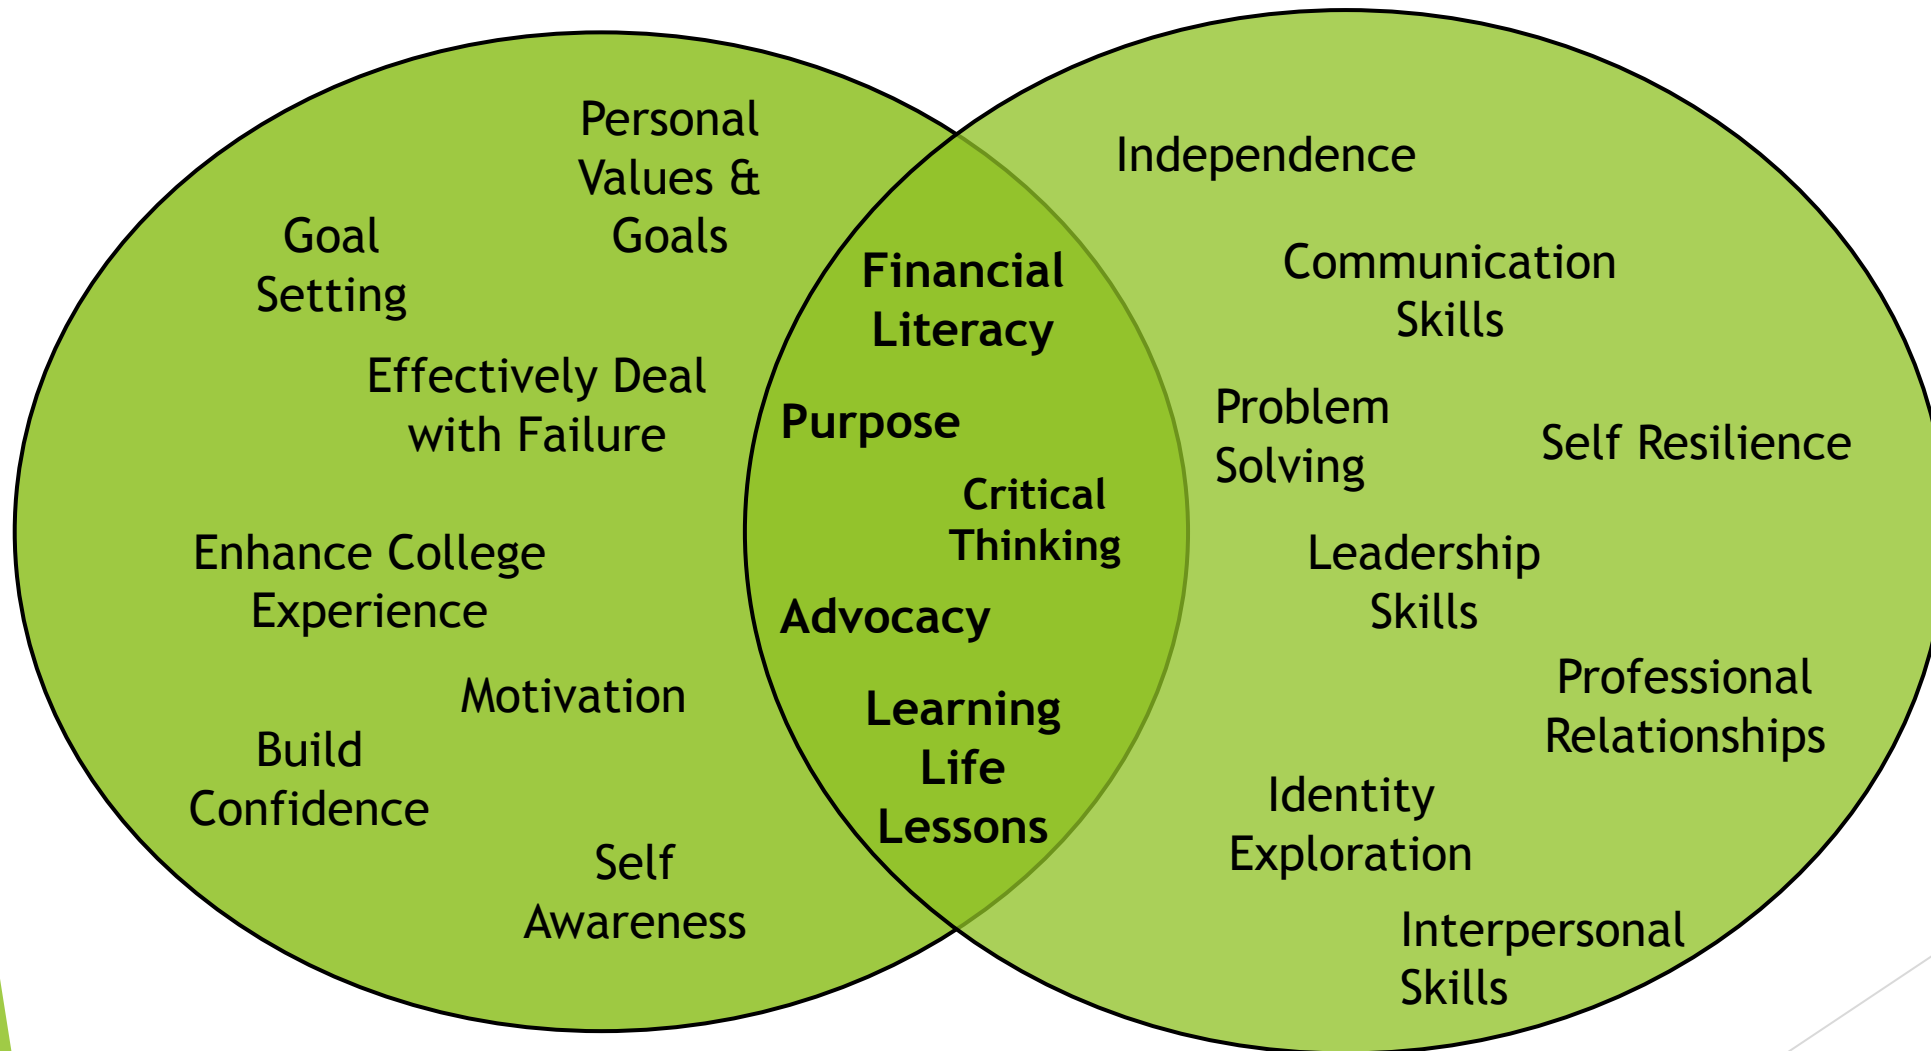

- M. Hargett

These workshops have made me open up to people.
